Agricultural Service Center
W6529 Forest Ave., Fond du Lac, WI 54937

Dear County Farmers and Crop Advisors,

November 1, 2019

Registration is now available for the annual Intro to SnapPlus 19 Training Class which is being held on December 11th at UWFDL, Room AE 205/206.

SnapPlus is a computer program designed to help build and maintain your nutrient management plan. The most recent version of the software is free and can be downloaded at www.snapplus.wisc.edu. **We encourage you to download the program on your own laptop PRIOR to the training.** If you need assistance with this or you do not have a laptop, you may contact our office at (920) 906-4680. Having the software installed prior to the training will allow participants more time to work on their individualized plans and ask specific questions related to same.

Plan to bring your nutrient management plan with you to the training so we can help you with any individual needs you may have.

Representatives from DATCP as well as Fond du Lac County's Land and Water Conservation Department will be on site conducting the training.

December 11, 2019

10:00 a.m. – 3:00 p.m.

(one-hour break for lunch on your own)

If you have any questions, please contact:

Becky Wagner Agronomist, Fond du Lac County
LWCD at 920-906-4681 or
becky.wagner@fdlco.wi.gov

You may register by filling out and detaching the portion below and mailing it to LWCD, W6529 Forest Avenue, Fond du Lac, WI 54937 or you may email the completed form to the Land & Water Conservation Department: kim.ruelle@fdlco.wi.gov
